

Read Me:

This program read the file that has been imported, and it calculates the Longest time, Avg. Time and Total Time of the log time in the text files.

For Example,

Test 1:

Uses (0:00,0:25,0:33,0:30,0:35,0:28,0:32,0:31,0:30,0:33)

and we expecting the results:

Total_time: 4:37

Longest_time: 0:35

Average_time: 0:27

Test 2:

An empty txt file

and we expecting the result to be :

"Error! The file is Empty!"
